

9th Annual

Maritime & Transportation Security Expo

May 4-5, 2011, Baltimore, MD
Security & Safety By Land — Air — Sea

What are International, Federal, State, and Local agencies buying in 2011?

We met with shippers, carriers, ports, U.S Customs and Border Protection, U.S. Navy, U.S. Department of Transportation, MARAD, The Railroad Administration, FAA, TSA, as well as procurement officials from Canada, Europe and Asia.

They are seeking technologies, products and services in the following areas.

Maritime Patrol Solutions/Systems
Cargo Handling Equipment
Tracking Technology
Seal And Tagging Equipment
Guards And Access Control
Wireless Communication
E-Seals
Investigative Firms
Fast Attack Craft
GPS Systems
Guard Training
X-Ray Detection
Fingerprinting Technology

Hospital Emergency Response Centers
Perimeter Security/Gates
CCTV
Sonar
ISR Systems & Platforms
Upgrade Solutions For Legacy Platforms
Voice Recognition Systems
RFID
UUV Makers
UAV Makers
Software For Supply Chain Integrity
Bomb/Weapons Detection
Small Shipbuilders/CG Vessel Manufacturers

Documentation Checking Systems
Telecommunications Systems
Forensic Laboratories
Bar-coding Equipment
