![Mariners' Memorial Chapel](image)

“50th Year Commemoration 1961-2011”

The Mariners’ Memorial Chapel at Kings Point was completed in 1961. The Chapel serves Midshipmen as well as civilians for various religious and social purposes. The Chapel was built to the Glory of God and to commemorate the sacrifices of the officers and men of the U. S. Merchant Marine who gave their lives at sea in World Wars I and II. The Chapel belongs to Merchant Mariners and to all Americans; it stands as one of our country’s National Memorials to America’s wartime seamen and serves to remind America of the great sacrifices of merchant mariners who go down to the sea in ships, especially in time of war. Within the Chapel, the Roll of Honor Book is stored. This book, permanently housed in a brass and glass display case mounted on Vermont marble immediately in front of the altar, lists the name, rank or rating, ship and date of sinking of over 7,000 officers and seamen who lost their lives on merchant ships during both World Wars. Daily, a selected Midshipman on duty is required to report to the chapel and ceremoniously open the case and turn a page. This ceremony is performed so that all mariners in the book will be remembered.

Meet our artist! Don Mathiesen, Kings Point Class of 1962

Raised on Staten Island, my father worked at the Moran Towing repair yard and that is where I first heard of Kings Point. I was fortunate to receive a nomination and graduated with the class of ’62. What a unique education! I shipped out of the Port of New York for several years. Continuing my studies, I earned an MSME from Columbia U. During this time I met and married the beautiful Maren Erickson, also from S.I. I joined Exxon in 1966 and began my career as a Machinery Engineer, covering compressor start-ups all over North America. This lead to overseas assignments that would take our family to Libya for two years, Indonesia for seven years and finally to Malaysia for twenty-two years in offshore oil and gas production. Midway through those years in Kuala Lumpur our two children, Christine and Erik returned to the states to pursue their university education and I began commissioning platforms on a rotational basis. This gave me time to paint and fill canvases with seascapes of the local fishing boats. I retired in ’04 and we returned to our home on Long Island Sound, only to discover that after decades in the tropics, winter was no longer an option. Something both Christine and Erik had figured out and were living in California. We decided to follow and shifted to our townhouse in Walnut Creek. We renovated our little hacienda and converted a bedroom into my studio. We love it here and see our children lots more often. I spend as many daylight hours as possible painting the tugs and steamships from my time at sea. I am self-taught so I am constantly learning my craft. I have several paintings hanging at KP and look forward to contributing more work to the USMMA KP Alumni Chapter Presidents Alliance. Fraternally, Don
