Solar Power 2006 Conference Selects TV Worldwide for Webcast of Event, October 17-18, 2006, Live From San Jose

Solar Electric Power Association (SEPA) and Solar Electric Industries Association (SEIA) Team to Offer Free Webcast Sponsored by MMA Renewable Ventures at www.TVWorldwide.com

CHANTILLY, VA--(Marketwire - October 16, 2006) - TV Worldwide, the first web-based global Internet TV network, announced that it had been selected to webcast the Solar Power 2006 Conference, October 17-18, live from San Jose, Ca. with premier sponsorship by MMA Renewable Ventures. The free interactive webcast will include interviews with industry leaders attending the show and highlight the latest products, services, keynote sessions, issues and news concerning the solar power industry. Additional webcast sponsors include Open Energy Corporation, Solar Technologies and LMCC/NECA.

The Solar Power Conference and Expo is the largest business-to-business solar event held in the United States. Organized by the Solar Electric Power Association (SEPA) and the Solar Energy Industries Association (SEIA), this event has been growing rapidly each year. More than 4,000 people are expected to attend Solar Power 2006, and more than 160 companies will exhibit.

"We're pleased to facilitate national webcast participation in this year's Solar Power 2006 Conference and we thank MMA Renewable Ventures and other participants for their visionary support," commented Dave Gardy, Chairman and CEO of TV Worldwide. "This focused business-to-business event is well-regarded among solar industry professionals as the pre-eminent forum for solar power issues and the technology that is stimulating rapid growth in this arena."

The event will be archived for viewing at www.SolarPowerConference.com and www.TVWorldwide.com. Participants should have the free Windows Media Player installed prior to the event and should log on by 10:00 AM ET on Tuesday, October 17. The webcast will run from 10:15 AM-4 PM ET on Tuesday and Wednesday, October 18. Depending on scheduled recording, initial live-to-tape archived programming will be available for viewing on October 17.

About SEPA

The Solar Electric Power Association is a nonprofit organization with 125 utility, electric service provider, manufacturer, installer, government, and research members. SEPA's mission is to facilitate the use and integration of solar electric power by utilities, electric service providers, and their customers. For more information, visit www.sepa.org.

About SEIA

SEIA is the national trade association of solar energy manufacturers, dealers, distributors, contractors, installers, architects, consultants and marketers. Established in 1975, SEIA works to expand the use of solar technologies in the global marketplace. For more information, visit www.seia.org.

About MMA Renewable Ventures

A wholly owned subsidiary of MuniMae, MMA Renewable Ventures manages and operates renewable energy assets in the United States. The company partners with top-tier investors, project developers, and customers to build distributed clean energy generation plants and to sell the electricity and renewable energy credits to the site-host under a Solar Services Agreement. MMA Renewable Ventures is dedicated to providing competitively priced, clean energy for customers and exceptional investment opportunities in the renewable energy sector. For more information about MMA Renewable Ventures, visit www.mmarenewableventures.com

About TV Worldwide

As a leading global Internet TV network and streaming media company, TV Worldwide (www.tvworldwide.com) is developing a network of video channels that is an affiliation of community-based Internet television stations, each underwritten by a strategic partner, "aimcasting(SM)" to targeted demographic audiences worldwide. TV Worldwide works with strategic partners to develop the latest in live and archived state-of-the art video streaming content applications.
