Infosecurity NY Selects TV Worldwide's "Homeland Defense TV" Channel to Webcast Expo October 24-25 Live From Javits Center

Worldwide Webcast on Homeland Defense TV Internet TV Channel (www.homelanddefensetv.com) to Feature News and Interviews From the Infosecurity NY 2006 Event

CHANTILLY, VA--(Marketwire - October 23, 2006) - TV Worldwide, a global Internet TV Network and streaming media service provider, announced that it had been selected by Reed Expositions to webcast the Infosecurity NY show from the Jacob Javits Convention Center, October 24-25, 2006. TV Worldwide will webcast the event on its Homeland Defense TV Channel (www.homelanddefensetv.com). Webcast sponsors include Iron Port, the leader in Internet gateway security, ESET, makers of NOD 32, the award-winning anti-threat software system, Applied Identity, the market leader for identity-based access control solutions for enterprise networks, Base Technologies, and Security Evolutions. The free webcast will feature interviews with industry leaders attending Infosecurity NY and highlight the latest IT security products, services and news. Leaders in the IT Security sector will discuss the rapidly evolving demand for their services and the new technologies and solutions to meet that demand.

"We're pleased to work with Reed Expositions, a proven leader in trade show production, as they deploy this state-of-the-art approach in delivering the Infosecurity NY experience to our Homeland Defense TV audience which will be archived on the channel for a full year," commented Dave Gardy, Chairman and CEO of TV Worldwide. "Security-related events on our Homeland Defense TV Channel are some of the more well-attended webcasts we produce and the growing popularity of this show is a clear indication that we can expect heavy traffic demand nationally from those in this on-line savvy audience who want to keep up with what's happening in this growing IT security sector."

The event will be archived for viewing at www.homelanddefensetv.com and www.infosecurityevent.com. Participants should have the free Windows Player installed prior to viewing the event, October 24th and 25th. Questions can be directed to 703-961-9250, ext. 223 and 220.

About TV Worldwide

As a leading global Internet broadcasting and streaming media company, TV Worldwide (www.tvworldwide.com) is developing a network of video channels that is an affiliation of community-based Internet television stations, each underwritten by a strategic partner, "aimcasting(SM)" to targeted demographic audiences worldwide.
