

of a media manager, pre-built video skins and a real-time reporting dashboard. Lastly, Internap's CDN offers a suite of optional services, including transcoding, player development, digital asset management and monetization tools to create a tailored solution for every customer environment.

About TV Worldwide

Founded in 1999, TV Worldwide (<u>www.tvworldwide.com</u>) developed the first Internet TV network of community-based Internet TV channels, primarily targeting niche professional communities ranging from the Maritime industry to the Digital Media sector. Known by many in the industry as "Internet TV for Smart People," Fortune 500 companies, 15 federal government agencies, and numerous International associations including the National Association of Broadcasters, utilize TV Worldwide's live and archived state-of-the-art video streaming content applications and Internet TV channels. In recognition of the company's unique achievements in new media, TV Worldwide was selected by the National Academy of Television Arts and Sciences (NATAS) to Webcast the Daytime Emmy Awards and the 59th Annual Emmy awards for Technology and Engineering in both 2007 and 2008. CEO Dave Gardy has been honored by Streaming Media Magazine in 2008 as one of the 25 Most Influential People in Streaming Media. Mr. Gardy also currently serves as the President of the International Webcasting Association (IWA) (<u>www.Webcasters.org</u>).

Internap "Safe Harbor" Statement

Certain information included in this press release constitutes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts, including, among others, statements regarding the performance of our products, business strategy, projected levels of growth and projected costs, are forward-looking statements. Those statements include statements regarding the intent, belief or current expectations of Internap and members of our management team, as well as the assumptions on which such statements are based. Forward-looking statements are not guarantees of future performance and involve risks and uncertainties that actual results may differ materially from those contemplated by forward-looking statements. Other important factors that may affect Internap's business, products, results of operations and financial condition include, but are not limited to: our ability to services from Internet network service providers or network service providers providing network access loops and local loops on favorable terms, or at all; failure of third party suppliers to deliver their products and services on favorable terms, or at all; failures in our network operations centers, network access points or computer systems; and our ability to protect our intellectual property.

Our Annual Report on Form 10-K/A, Quarterly Reports on Form 10-Q, recent Current Reports on Form 8-K and other Securities and Exchange Commission filings discuss the foregoing risks, as well as other important risk factors that could contribute to such differences or otherwise affect our business, results of operations and financial condition. We undertake no obligation to revise or update any forward-looking statement for any reason.
